2021 MAY

Commencement

May 7, 8 and 9, 2021
May 14, 15 and 16, 2021

UNIVERSITY OF MISSOURI
### UNIVERSITY OFFICIALS AND COMMITTEE MEMBERS

- Dan Hagan
- John D. Graham

### THE UNIVERSITY OF MISSOURI PROFILE

Mizzou Alumni: New Partners in the Enterprise

### SCHOOLS & COLLEGES

- Academic Regalia

### HONORARY DEGREE RECIPIENTS

- Dan Hagan
- John D. Graham

### CANDIDATES FOR GRADUATE DEGREES

- Doctor of Philosophy
- Doctor of Education
- Doctor of Nursing Practice
- Doctor of Physical Therapy
- Educational Specialist
- Master of Accountancy
- Master of Arts
- Master of Business Administration
- Master of Education
- Master of Engineering
- Master of Fine Arts
- Master of Health Administration
- Master of Health Science
- Master of Laws
- Master of Library and Information Science
- Master of Music
- Master Occupational Therapy
- Master of Public Affairs
- Master of Public Health
- Master of Science
- Master of Social Work
- Master of Health Administration
- Master of Health Science
- Master of Laws
- Master of Library and Information Science

### CANDIDATES FOR PROFESSIONAL DEGREES

- School of Law
- School of Medicine
- School Veterinary Medicine

### CANDIDATES FOR BACCALAUREATE DEGREES

- College of Agriculture, Food & Natural Resource
- College of Arts & Science
- Robert J. Trulaske, Sr. College of Business
- College of Education
- College of Engineering
- School of Health Professions
- College of Human Environmental Sciences
- School of Journalism
- Sinclair School of Nursing

### RESERVE OFFICERS TRAINING CORPS COMMISSIONS

### ALMA MATER

Candidates who applied by the application deadline are listed in this program. Candidates who missed this deadline can participate in the commencement ceremonies but are not listed in the program. Candidates for graduation who have restricted the release of their directory information and have not authorized the University to include their name by the established deadline are excluded from the program.
Board of Curators

Darryl M. Chatman
Chair

Greg E. Hoberock
Vice Chair

Julia G. Brncic
Maurice B. Graham
Todd P. Graves
Jeffrey L. Layman
Phillip H. Snowden
David L. Steelman
Robin R. Wenneker

Ashley Schwab
Manager
University Events

Brenda V. S. Selman
Assistant Vice Provost
Office of the University Registrar

Paula Thies
Assistant Registrar
Office of the University Registrar
In the course of its history, the University of Missouri has committed itself to: teaching since its founding in 1839 as the first public university west of the Mississippi River; research as part of the land-grant mandate in the late 1800s; extension services since the early 1900s; and most recently economic development.

Mizzou is one of only 36 public U.S. universities and the only public institution in the state to be selected for membership in the Association of American Universities. Membership, which recognizes excellence in teaching and research endeavors, includes only the nation’s top-tier institutions.

The origin of the university can be traced to a clause in the federal Act of 1820, which admitted Missouri to the Union. The act authorized the sale of two tracts of public land with the proceeds earmarked “for the use of a seminary of learning.” The land was sold in the 1830s, and sentiment mounted for the establishment of a university. By 1839 the fund amounted to about $100,000, and the General Assembly passed two acts that provided for the establishment and location of the University of Missouri. One act specified that the university be built in one of six central counties. The county that offered the greatest inducements in land and money would obtain the university. Boone County won the bid with $117,921.25 in cash plus land, and in 1839 the University of Missouri was founded in the frontier town of Columbia.

Two momentous changes occurred in 1870. Under terms of the Morrill Act, the university was accorded land-grant status, prompting the legislature to authorize a School of Agriculture and Mechanical Arts for Columbia and to open a second campus to house the School of Mines and Metallurgy at Rolla.

Mizzou has schools and colleges in accountancy; agriculture, food and natural resources; arts and science; business; education; engineering; health professions; honors; human environmental sciences; information science and learning technologies; journalism; law; medicine; music; natural resources; nursing; public affairs; social work; veterinary medicine and visual studies.

Mizzou’s breadth and depth enables both students and faculty to take an interdisciplinary approach to intellectual inquiry.

The university is a source of pride for all Missourians, setting the standard for higher education in the state and establishing a reputation for excellence known throughout the world.

MIZZOU ALUMNI: NEW PARTNERS IN THE ENTERPRISE

Congratulations and welcome to a lifelong relationship with your alma mater.

Graduates who have preceded you know the importance of the Mizzou experience. You will find that MU is well-regarded by executives of institutions everywhere and that you, as a graduate, will profit by the university’s reputation.

To a great extent, the value of your degree depends on how well MU continues its mission of teaching, research, service and economic development. Your goodwill and support are essential to secure its future and the success of students who follow you.

The university is more than its buildings, more than its faculty and more than the students present at any one time. The university consists of all who enter and leave its halls — who are affected by and carry on its pervading principles.

A university and its alumni are inseparable. Graduation day creates a stronger-than-ever bond of mutual interdependence. Your continued interest and concern — and your enthusiastic help beyond today — is important to Mizzou. You are your university.
College of Agriculture, Food and Natural Resources
Includes School of Natural Resources

Christopher R. Daubert, PhD, Vice Chancellor and Dean

The mission of the College of Agriculture, Food and Natural Resources includes quality teaching, cutting-edge research and the extension of that research to the people of Missouri.

From entering freshmen to postdoctoral scientists, students prepare for a range of careers. Professional development through clubs and organizations and interaction with business and industry prepares our graduates to have an impact in the food system, business, government policy, environmental awareness, law, medicine and other areas.

The Missouri Agricultural Experiment Station develops new technology in animal, biochemical, plant, food and natural resource sciences to keep the state’s agribusiness system competitive in world markets and to provide consumers with a safe, low-cost food supply.

Technology reaches the people through the college’s Agricultural and Natural Resources Extension program. State specialists within the college and area specialists in county centers interact with the public for real-life application of research to solve problems.

Finally, the college helps developing nations become trading partners by improving their economies through better agriculture. This also provides a valuable exchange of knowledge and understanding with students, teachers and scientists from many cultures.

College of Arts and Science
Includes School of Music, the School of Visual Studies and the Harry S Truman School of Public Affairs

Patricia Okker, PhD, Dean

The College of Arts and Science, established in 1841, is the oldest and largest academic division at MU, with approximately 9,000 students and 500 full-time faculty. With 27 departments, Arts and Science offers more than 90 degree programs in the arts and humanities, social and behavioral sciences, and natural and mathematical sciences. The college is also home to several interdisciplinary centers and institutes, two museums, and one literary magazine. A&S students work alongside internationally recognized scientists, scholars, artists, writers, and musicians, and they apply and extend their learning in undergraduate and graduate research projects, study-abroad experiences, internships, and service learning. Our 63,000 living alumni include scientists, government officials, actors, business executives, community activists, astronauts, teachers, and physicians, to name just a few. These alumni—along with our faculty, students, and staff—ensure that the impact of an A&S education extends well beyond our campus borders, including every state in our country and throughout the world.

Robert J. Trulaske, Sr. College of Business
Includes School of Accountancy

Ajay Vinzé, PhD, Dean

The Trulaske College Business, founded in 1914, today enrolls nearly 5,000 students. The college has four academic units—accountancy, finance, management and marketing. Offerings include an undergraduate degree in business administration, a full-time MBA and an execMBA for working professionals, a 150-hour program that confers both undergraduate and master’s degrees in accountancy, PhD programs in accountancy and business administration and a series of online degree programs.

Students are exposed to relevant concepts, theories and techniques applied to real-world operations of private and public enterprises. With a commitment to professional development, the college hosts opportunities for students to gain practical insights through internships, field projects, guest speakers and executives-in-residence. In addition to teaching students, the college’s faculty members conduct and publish research on significant, timely issues and engage in wide-ranging service on campus, in their disciplines and in the business community.

The college contributes to MU’s economic development mission by preparing the next generation of executives, accounting professionals, entrepreneurs and business leaders. The college takes great pride in its graduates and highly-ranked programs. More than 35,000 alumni are contributing their expertise to the public and private sectors in every state in the U.S. and in a host of foreign countries.

College of Education
Includes School of Information Science and Learning Technologies

Erica Lembke, PhD, Interim Dean

The College of Education is the oldest teacher-education program west of the Mississippi River. The college offers programs leading to a variety of career opportunities in the education profession and related fields.

The bachelor of science in education degree leads to certification to teach at the early childhood, elementary, middle or secondary levels in Missouri as well as most other states. The bachelor of educational studies degree is designed for individuals interested in human-service careers.

In addition to the two undergraduate degrees, the College of Education offers graduate study leading to the master’s, educational specialist and doctoral degrees. The college serves the state through research studies, continuing education, and a variety of services to state and local education agencies.
College of Engineering

Noah Manring, PhD, Dean

When engineering classes at the University of Missouri began in 1849, a strong tradition was born that continues to grow. At the University of Missouri College of Engineering, we believe that with every innovation we make and every new development we bring to light, we do more than solve the problems of today. Here, we ready the leaders who will blaze forward with a revolution that defines the world for tomorrow. At Mizzou Engineering, collaboration, creativity and research surge together. Where others may see problems, disease and inefficiencies, we see opportunities, potential and infinite possibilities. We teach, we learn, and we analyze — and we demand innovation, inclusion and integrity as we create smarter, safer, more efficient ways of living.

The college offers fully accredited degree programs in biological, chemical, civil, computer, electrical, industrial and mechanical engineering, along with computer science. All of programs offer both undergraduate and graduate degrees. The college also offers a bachelor's degree in Information Technology. Naval Science is under the academic administration of the college as well. The hallmark of the College of Engineering is excellence in teaching and scholarly pursuits.

Graduate School

Jeni Hart, PhD, Dean of the Graduate School and Vice Provost for Graduate Studies

MU offers an atmosphere encouraging academic inquiry and stimulating intellectual activity fundamental to a superior graduate education. The University of Missouri System is the only state-supported institution in Missouri to offer professional and doctoral degrees. Many of these degrees are available only on the Columbia campus. The Office of Graduate Studies provides administrative and academic support to students and programs from more than 90 departments and areas.

The Office of Graduate Studies is a member of the Association of Graduate Schools and the Council of Graduate Schools. Of 5800 degree-seeking graduate students, 43% are seeking doctoral degrees. The university granted its first master's degree in 1846. The first doctor of philosophy degree was granted in 1899.

School of Health Professions

Kristofer Hagglund, PhD, Dean

Missouri's only state-supported school of health professions on a campus with an academic health center is uniquely positioned to educate health care professionals and fulfill its mission of improving the health and well-being of individuals and communities. Every day, School of Health Professions faculty, staff, and students work towards improving lives through the integration of teaching, research, health care and service.

Graduates join a growing work force of professionals employed in health care, government, nonprofit, sales and research settings. The school's seven majors and sixteen degree-granting programs prepare students for careers in athletic training; clinical laboratory science; diagnostic medical ultrasound; health science; occupational therapy; physical therapy; public health; nuclear medicine; radiography; respiratory therapy; and speech, language & hearing sciences. The School of Health Professions is home to the only doctoral degree in health & rehabilitation science offered by a public university in Missouri. Graduates of this program are prepared for careers in research, higher education and organizational leadership within health disciplines.

The school provides service and outreach to Columbia and central Missouri as well as student training through the Adult Day Connection, the MU Speech and Hearing Clinic, the MU Robert G. Combs Language Preschool, Neuropsychology and Psychology Services, PhysZOU physical therapy clinic and TigerOT clinical services.

College of Human Environmental Sciences

Brenda Lohman, PhD, Interim Dean

Human Environmental Sciences at MU is a college with a mission: to maximize the quality of life and foster the development of individuals, families and other groups in their diverse environments. The college is ranked among the strongest human sciences units in the nation, reflecting the quality of faculty and students, and the relevance of programs.

Undergraduate and graduate programs are offered in the departments of architectural studies, human development and family science, nutrition and exercise physiology, personal financial planning, textile and apparel management, and the School of Social Work. The college is different from its peers in its comprehensive use of professional advisory boards, whose members are leaders in business, government, education and the social services. These experts provide guidance and support from their specialized fields to students and faculty, and contribute powerful perspectives to vanguard curriculum development.

School of Journalism

David D. Kurpius, PhD, Dean

MU established the world's first School of Journalism in 1908 to strengthen the role of journalism in democratic societies. Today, the school's international reputation attracts students from nearly all states and more than 30 countries.

Students receive a broad liberal arts education as well as course work and practical training in the skills and responsibilities of journalism and strategic communication through daily performance under deadline pressure. They work under faculty supervision in six professional news outlets and two strategic communication agencies: AdZou, a fee-based full-service agency serving local, regional and national clients; the Columbia Missourian, a digital-first community newspaper; Global Journalist, a weekly radio/video program about international news; KOMU-1TV, mid-Missouri's fully commercial NBC affiliate; KBIA-FM, mid-Missouri's NPR member station; Missouri Business Alert, a digital newsroom publishing top business news from across the state, Mojo Ad, a full-service, fee-based agency specializing in the youth/young adult audience for national brands; and Vox, a cross-platform city magazine that publishes a weekly print edition and daily website.

The school's objective is to develop within students an appreciation of the professional journalist's role — to provide society with a basis for understanding and mutual confidence upon which diverse people can find common principles and goals.
School of Law

Lyrissa Lidsky, JD, Dean and Judge C.A. Leedy Professor of Law

Graduates of the School of Law, established in 1872, serve at the highest levels of local, state and national governments. Law school graduates and faculty members have written the majority of laws that regulate the lives of Missourians. Faculty scholarship has affected legal change at the national, state and local levels. The School of Law is housed in the award-winning, state-of-the-art facility, John K. Hulston Hall. Approximately 85 percent of the school’s graduates practice law in Missouri.

The school’s faculty develop and refine in each student the basic traits that characterize the good and able lawyer: analytic ability, substantive legal orientation, basic working skills, familiarity with legal institutional context, awareness of nonlegal environments and ethical concern.

The School of Law is a national leader in alternative dispute resolution techniques and boasts the nationally recognized and reputed Center for the Study of Dispute Resolution.

School of Medicine

Steven Zweig, MD, Dean

Established as the first public medical school west of the Mississippi River, the School of Medicine has offered a four-year education program since 1956. The school has a tradition of educating students from rural Missouri, a focal point of the school's mission. The development of the Missouri Telemedicine Network and Mid-Missouri Area Health Education Center in recent years has strengthened MU’s service to rural communities by giving students and rural health providers access to groundbreaking programs and technology. As the academic arm of the Health Sciences Center, the school's clinical faculty members provide primary and specialty care for patients from every county of Missouri.

With its innovative patient-based learning curriculum, the school is emerging as a national model for medical education. Students gain early and frequent exposure to clinical cases that enhance their problem-solving skills and help them earn higher than average scores on national licensing examinations. U.S. News & World Report consistently ranks the school’s family and community medicine department as one of the top ten in the country.

Sinclair School of Nursing

Sarah Thompson, PhD, RN, Dean

The nursing program began in 1901 with the establishment of Parker Memorial Hospital Training School. Today, the Sinclair School of Nursing is committed to promoting, maintaining, and improving health and health-care delivery in Missouri and worldwide, through nursing education, research, service and economic development. Nursing faculty implement innovations in teaching and offer students hands-on experience in the art and science of nursing. Faculty research is shaping the discipline of nursing and delivery of health care.

The school offers a baccalaureate program that prepares students for the general practice of nursing (including accelerated and RN-BSN options); a master's degree program that prepares nurse leaders and nurse educators; a doctor of nursing practice program that prepares advanced practice nurses and nurses for executive leadership roles; and a PhD program that prepares nurse researchers and scholars for clinical, academic and policy roles. The RN-BSN program and all graduate programs are available online.

College of Veterinary Medicine

Carolyn J. Henry, DVM, MS, Dean

Missouri’s only College of Veterinary Medicine, established in 1946, has educated more than 4,000 veterinarians. They pursue careers in private practice, industry, government, education and the armed services. One hundred and twenty new students are enrolled annually in the vigorous four-year curriculum leading to the doctor of veterinary medicine degree.

After two years of fundamental classroom study, students rotate through hospitals, clinics and laboratories, and receive hands-on training in diagnosis, prevention, treatment and control of diseases in animals.

The college is the state’s only complete animal-health facility. Its education, research, patient-care, diagnostic and public information programs support the state’s livestock industry, its companion-animal owners and its veterinary medical practitioners.
Academic Regalia

Academic institutions throughout the world have created a variety of customs, including distinctive dress, color and ceremony to indicate the accomplishments of scholars. English traditions originating at Oxford and Cambridge led to the development of American academic regalia. By the 20th century, institutions of higher learning in the United States had adopted a well-defined code of academic costume, which now includes identification of the different academic degrees by distinctive gowns, hoods and colors.

For instance, the baccalaureate gown, generally worn closed, is identified by long, pleated front panels and long, pointed sleeves. The master’s and doctoral gowns may be worn open or closed. The master’s gown has long sleeves closed at the bottom, and wearers place their arms through an opening in the front of the sleeves. Doctoral gowns are distinguished by velvet panels around the neck and down the front of the gown. On the sleeves are three horizontal velvet bars in black or the colors representing the doctorate.

In the United States, the hood is the most colorful feature of academic regalia. The bachelor’s hood, not usually worn, is 3-feet long with a 2-inch-wide velvet edging in a color representing the degree received. The master’s hood is 6 inches longer with a 3-inch-wide velvet edging. The doctoral hood, at 4 feet, reaches far down the wearer’s back, and is bordered by a 5-inch-wide strip of velvet. The hoods are black on the outside. The lining, which is folded out, bears the official colors of the institution granting the degree. The doctor of philosophy hood from MU has a dark-blue border, for philosophy, with a black-and-gold lining. The border colors represent the degree earned, not the academic major. The doctor of philosophy candidate in engineering, for instance, would wear the dark blue of philosophy on the hood instead of the orange of engineering.

The color of the master’s hood, if worn by an MU master’s candidate, may represent either the degree earned, such as white for the master of arts or gold yellow for the master of science, or the candidate’s academic discipline. Traditionally, candidates at MU choose the color of their hood based on the discipline. A master of science candidate in nursing, for example, would normally wear the apricot of nursing instead of the gold yellow for the master of science degree.

Because most MU faculty members did their graduate work at institutions other than MU, there is a variety of academic attire in today’s procession. Some degree holders wear no hood because their academic robe symbolizes the degree awarded, as with the scarlet gown of Oxford University. The official robes worn by members of the University of Missouri System Board of Curators are gold.

The standard cap is the mortarboard, always black. It is the custom at MU for the color of the tassels to indicate undergraduate students’ academic majors. Doctoral degree candidates wear gold tassels; master’s candidates wear black.

8
Honorary Degrees

Each year the university recognizes prominent individuals, whether they attended the university or not, by presenting them with honorary degrees.

This year’s honorees join the ranks of more than 400 people awarded honorary degrees from MU since 1892. Past honorees include Presidents Harry S Truman and Herbert Hoover; Gens. John Pershing, Omar Bradley and Maxwell Taylor; artist Thomas Hart Benton; author Samuel Clemens (Mark Twain); newsman Walter Cronkite; Sens. Thomas Eagleton, Stuart Symington and James Fulbright; Missouri Govs. Warren Hearnes, Phil Donnelly, Henry Caulfield, John Dalton and Forrest Donnell; poet Marianne Moore; entrepreneur J.C. Penney; author and journalist Carl Rowan; psychologist B.F. Skinner; singer-songwriter Sheryl Crow; Walmart founder Sam Walton; and U.S. Reps. Andrew Young, Clarence Cannon and Martha Wright Griffiths.

Dan Hagan

Dan Hagan is a self-made entrepreneur from Columbia, who has made a name for himself in real estate and business. Now, he is using his success to support his philanthropic goals.

Hagan, a Missouri native, grew up attending four very small rural public schools located in Fayette, Green City, New Franklin and Tina-Avalon, Missouri.

Hagan attended MU from 1969 to 1972. While attending Mizzou, he used savings from employment to invest in real estate and common stock and was successful in his endeavors.

In 2011, Hagan shifted a considerable amount of his time, energy and resources to philanthropic pursuits. Because of his experience growing up in rural Missouri and working throughout high school and college, Hagan was inspired to help students from similar backgrounds. In 2008, he established the Hagan Scholarship Foundation (HSF) with the sole purpose of “helping rural students graduate from college debt free”.

Since its inception, HSF has awarded 2,452 scholarships, with 450 of them being granted in April of 2021. Currently, 194 HSF recipients will attend, have attended, or have graduated from schools in the University of Missouri system.

For many rural and small-town students, attending college can be difficult because of limited financial resources. The median household income for Missouri counties with populations less than 50,000 is $37,520, nearly $15,000 less than the national median household income.

“College is something that many people in my small town did not see as a possibility,” said Elizabeth Ferguson, HSF recipient and 2018 Mizzou graduate. “Dan Hagan and the Hagan Scholarship Foundation has changed the lives of many members of our community.”

The Hagan Scholarship provides each recipient up to $48,000 over four years to attend college. In addition, HSF establishes a $15,000 account for each second-year recipient to manage until graduation in order to learn “first-hand” how to invest to attain financial security, and a $2,000 personal brokerage account for each fourth-year recipient. Recipients also benefit from HSF funded workshops and study abroad.

Most recipients who graduate from college while a Hagan Scholar graduate debt-free with more than $3,000 in their personal brokerage account and the knowledge to attain long-term financial security.

As the sole contributor, Hagan has established a $200 million foundation. He personally responds to every inquiry and performs the work for the foundation, assisted as needed by long-time volunteers who are community leaders in Columbia.

Hagan has become a role model and mentor to many of the Hagan Scholarship recipients. He ensures the students are prepared for college, and for their professional and personal life after college.

“The award was so much more than just financial support,” said Kayla Elam, HSF recipient and 2015 MU graduate. “Dan invested in us, the recipients, as people.”

Through his foundation, Hagan has served not only MU, but also the nation as a whole. With 6,865 eligible public high schools, high-achieving students across the United States with substantial financial need are provided the opportunity to continue their education. This fall, 1,147 Hagan Scholars from 46 states will attend 406 colleges and universities.
John Graham

John D. Graham, chairman of FleishmanHillard, has truly exemplified the Missouri Method and made his mark on strategic communications.

The St. Louis native graduated from the Missouri School of Journalism in 1959 on both athletic and curators scholarships. Graham first joined FleishmanHillard in 1966, when it was just a small public relations firm with a single office. He quickly rose in the ranks, becoming CEO in 1974 and serving in that position for more than 30 years. Under his leadership, the agency grew to become a major global media and communications firm widely regarded as one of the top crisis communications organizations in the industry, with more than 80 offices spanning six continents.

During his years at the agency's helm, Graham helped build FleishmanHillard's strong reputation by using strategic communications to deliver what clients value most: meaningful, positive and measurable impact on the performance of their organizations. Over the years, Graham has worked in nearly all aspects of public relations, including public affairs, financial strategy, corporate strategy, investor relations and crisis situations. Graham's leadership is grounded in having a vision and then backing it up with a deep personal commitment and great people. After more than three decades as CEO, Graham handed off the top post in 2006 and now serves as chairman.

Graham co-founded the Council of Public Relations Firms and serves as a member of various other public relations organizations, including the International Public Relations Association and the Public Relations Society of America.

Graham is a global leader in the public relations field and is highly regarded for his contributions. As chairman of FleishmanHillard, Graham remains active in planning and implementing communications programs for a number of the agency's largest clients and takes pride in the many accomplishments of current management.

Graham's success doesn't stop at FleishmanHillard. He has received numerous awards, including being named PR Professional of the Year by PRWeek and becoming only the third public relations agency executive to be inducted into the Arthur W. Page Society Hall of Fame. In 2002, the Missouri School of Journalism awarded him the Missouri Honor Medal for Distinguished Service in Journalism.

Alma Mater

OLD MISSOURI

Old Missouri, fair Missouri!
   Dear Old Varsity,
Ours are hearts that fondly love thee.
   Here’s a health to thee!
Proud art thou in classic beauty
   Of thy noble past.
With thy watchwords, honor, duty,
   Thy high fame shall last.
Every student, man and maiden,
   Swell the glad refrain,
’Till the breezes, music laden,
   Waft it back again.
Proud art thou in classic beauty
   Of thy noble past.
With thy watchwords, honor, duty,
   Thy high fame shall last.
