# The University of Missouri

In the course of its history, the University of Missouri has committed itself to: teaching since its founding in 1839 as the first public university west of the Mississippi River; research as part of the land-grant mandate in the late 1800s; extension services since the early 1900s; and most recently economic development.

Mizzou is one of only 38 public U.S. universities and the only public institution in the state to be selected for membership in the Association of American Universities. Membership, which recognizes excellence in teaching and research endeavors, includes only the nation's top-tier institutions.

The origin of the university can be traced to a clause in the federal Act of 1820, which admitted Missouri to the Union. The act authorized the sale of two tracts of public land with the proceeds earmarked “for the use of a seminary of learning.” The land was sold in the 1830s, and sentiment mounted for the establishment of a university. By 1839 the fund amounted to about \$100,000, and the General Assembly passed two acts that provided for the establishment and location of the University of Missouri. One act specified that the university be built in one of six central counties. The county that offered the greatest inducements in land and money would obtain the university. Boone County won the bid with \$117,921.25 in cash plus land, and in 1839 the University of Missouri was founded in the frontier town of Columbia.

Two momentous changes occurred in 1870. Under terms of the Morrill Act, the university was accorded land-grant status, prompting the legislature to authorize a School of Agriculture and Mechanical Arts for Columbia and to open a second campus to house the School of Mines and Metallurgy at Rolla.

Mizzou has schools and colleges in accountancy; agriculture, food and natural resources; arts and science; business; education; engineering; health professions; honors; human environmental sciences; information science and learning technologies; journalism; law; medicine; music; natural resources; nursing; public affairs; social work; veterinary medicine and visual studies.

Mizzou's breadth and depth enables both students and faculty to take an interdisciplinary approach to intellectual inquiry.

The university is a source of pride for all Missourians, setting the standard for higher education in the state and establishing a reputation for excellence known throughout the world.

## MIZZOU ALUMNI: NEW PARTNERS IN THE ENTERPRISE

Congratulations and welcome to a lifelong relationship with your alma mater.

Graduates who have preceded you know the importance of the Mizzou experience. You will find that MU is well-regarded by executives of institutions everywhere and that you, as a graduate, will profit by the university's reputation.

To a great extent, the value of your degree depends on how well MU continues its mission of teaching, research, service and economic development. Your goodwill and support are essential to secure its future and the success of students who follow you.

The university is more than its buildings, more than its faculty and more than the students present at any one time. The university consists of all who enter and leave its halls — who are affected by and carry on its pervading principles.

A university and its alumni are inseparable. Graduation day creates a stronger-than-ever bond of mutual interdependence. Your continued interest and concern — and your enthusiastic help beyond today — is important to Mizzou. You are your university.

## Schools & Colleges

---

### College of Agriculture, Food and Natural Resources

*Includes School of Natural Resources*

Christopher R. Daubert, PhD, Vice Chancellor and Dean

The mission of the College of Agriculture, Food and Natural Resources includes quality teaching, cutting-edge research and the extension of that research to the people of Missouri.

From entering freshmen to postdoctoral scientists, students prepare for a range of careers. Professional development through clubs and organizations and interaction with business and industry prepares our graduates to have an impact in the food system, business, government policy, environmental awareness, law, medicine and other areas.

The Missouri Agricultural Experiment Station develops new technology in animal, biochemical, plant, food and natural resource sciences to keep the state's agribusiness system competitive in world markets and to provide consumers with a safe, low-cost food supply.

Technology reaches the people through the college's Agricultural and Natural Resources Extension program. State specialists within the college and area specialists in county centers interact with the public for real-life application of research to solve problems.

Finally, the college helps developing nations become trading partners by improving their economies through better agriculture. This also provides a valuable exchange of knowledge and understanding with students, teachers and scientists from many cultures.

---

### College of Arts and Science

*Includes School of Music, the School of Visual Studies and the Harry S Truman School of Public Affairs*

Cooper Drury, PhD, Dean

The College of Arts and Science, established in 1841, is the oldest and largest academic division at MU, with approximately 9,000 students and 500 full-time faculty. With 27 departments, Arts and Science offers more than 90 degree programs in the arts and humanities, social and behavioral sciences, and natural and mathematical sciences. The college is also home to several interdisciplinary centers and institutes, two museums, and one literary magazine. A&S students work alongside internationally recognized scientists, scholars, artists, writers, and musicians, and they apply and extend their learning in undergraduate and graduate research projects, study-abroad experiences, internships, and service learning. Our 63,000 living alumni include scientists, government officials, actors, business executives, community activists, astronauts, teachers, and physicians, to name just a few. These alumni—along with our faculty, students, and staff—ensure that the impact of an A&S education extends well beyond our campus borders, including every state in our country and throughout the world.

### Robert J. Trulaske, Sr. College of Business

*Includes School of Accountancy*

Balaji Rajagopalan, PhD, Dean

The Trulaske College Business, founded in 1914, today enrolls nearly 5,000 students. The college has four academic units – accountancy, finance, management and marketing. Offerings include an undergraduate degree in business administration, a full-time MBA and an execMBA for working professionals, a 150-hour program that confers both undergraduate and master's degrees in accountancy, PhD programs in accountancy and business administration and a series of online degree programs.

Students are exposed to relevant concepts, theories and techniques applied to real-world operations of private and public enterprises. With a commitment to professional development, the college hosts opportunities for students to gain practical insights through internships, field projects, guest speakers and executives-in-residence. In addition to teaching students, the college's faculty members conduct and publish research on significant, timely issues and engage in wide-ranging service on campus, in their disciplines and in the business community.

The college contributes to MU's economic development mission by preparing the next generation of executives, accounting professionals, entrepreneurs and business leaders. The college takes great pride in its graduates and highly-ranked programs. More than 35,000 alumni are contributing their expertise to the public and private sectors in every state in the U.S. and in a host of foreign countries.

### College of Education & Human Development

*Includes School of Information Science and Learning Technologies*

Sarah Diem, PhD, Interim Dean

The University of Missouri College of Education & Human Development (Mizzou CEHD) prepares and supports professionals in education, information, lifespan, and intervention sciences that improve the quality of life and economic development for the people of Missouri, the nation and the world.

The bachelor of science in education degree leads to certification to teach at the early childhood, elementary, middle or secondary levels in Missouri, as well as many other states. The bachelor of science degree helps graduates prepare for diverse careers working with children, adults, and families. The bachelor of educational studies degree specializes learning in education, technology-based learning, leadership, and organizational change, without certification.

In addition to undergraduate degrees, Mizzou CEHD also offers graduate study leading to master's, educational specialist and doctoral

degrees. Mizzou CEHD serves the state through research studies, continuing education, and a variety of services to state and local agencies.

## College of Engineering

---

Maria Chrysochoou, PhD, Dean

When engineering classes at the University of Missouri began in 1849, a strong tradition was born that continues to grow. At the University of Missouri College of Engineering, we believe that with every innovation we make and every new development we bring to light, we do more than solve the problems of today. Here, we ready the leaders who will blaze forward with a revolution that defines the world for tomorrow. At Mizzou Engineering, collaboration, creativity and research surge together. Where others may see problems, disease and inefficiencies, we see opportunities, potential and infinite possibilities. We teach, we learn, and we analyze — and we demand innovation, inclusion and integrity as we create smarter, safer, more efficient ways of living.

The college offers fully accredited degree programs in biological, chemical, civil, computer, electrical, industrial and mechanical engineering, along with computer science. All of programs offer both undergraduate and graduate degrees. The college also offers a bachelor's degree in Information Technology. Naval Science is under the academic administration of the college as well. The hallmark of the College of Engineering is excellence in teaching and scholarly pursuits.

## Graduate School

---

Jeni Hart, PhD, Dean of the Graduate School and Vice Provost for Graduate Studies

MU offers an atmosphere encouraging academic inquiry and stimulating intellectual activity fundamental to a superior graduate education. The University of Missouri System is the only state-supported institution in Missouri to offer professional and doctoral degrees. Many of these degrees are available only on the Columbia campus. The Office of Graduate Studies provides administrative and academic support to students and programs from more than 90 departments and areas.

The Office of Graduate Studies is a member of the Association of Graduate Schools and the Council of Graduate Schools. Of 5800 degree-seeking graduate students, 43% are seeking doctoral degrees. The university granted its first master's degree in 1846. The first doctor of philosophy degree was granted in 1899.

---

## College of Health Sciences

*Includes School of Social Work*

Kristofer Hagglund, PhD, Dean

Missouri's only state-supported school of health professions on a campus with an academic health center is uniquely positioned to educate health care professionals and fulfill its mission of improving the health and well-being of individuals and communities. Every day, College of Health Sciences faculty, staff, and students work towards improving lives through the integration of teaching, research, health care and service.

Graduates join a growing work force of professionals employed in health care, government, nonprofit, sales and research

settings. The school's seven majors and sixteen degree-granting programs prepare students for careers in athletic training; clinical laboratory science; diagnostic medical ultrasound; health science; occupational therapy; physical therapy; public health; nuclear medicine; radiography; respiratory therapy; and speech, language & hearing sciences. The College of Health Sciences is home to the only doctoral degree in health & rehabilitation science offered by a public university in Missouri. Graduates of this program are prepared for careers in research, higher education and organizational leadership within health disciplines.

The school provides service and outreach to Columbia and central Missouri as well as student training through the Adult Day Connection, the MU Speech and Hearing Clinic, the MU Robert G. Combs Language Preschool, Neuropsychology and Psychology Services, PhysZOU physical therapy clinic and TigerOT clinical services

---

## School of Journalism

---

David D. Kurpius, PhD, Dean

MU established the world's first School of Journalism in 1908 to strengthen the role of journalism in democratic societies. Today, the school's international reputation attracts students from nearly all states and more than 30 countries.

Students receive a broad liberal arts education as well as course work and practical training in the skills and responsibilities of journalism and strategic communication through daily performance under deadline pressure. They work under faculty supervision in six professional news outlets and two strategic communication agencies: AdZou, a fee-based full-service agency serving local, regional and national clients; the *Columbia Missourian*, a digital-first community newspaper; *Global Journalist*, a weekly radio/video program about international news; KOMU-TV, mid-Missouri's fully commercial NBC affiliate; KBIA-FM, mid-Missouri's NPR member station; Missouri Business Alert, a digital newsroom publishing top business news from across the state, Mojo Ad, a full-service, fee-based agency specializing in the youth/young adult audience for national brands; and *Vox*, a cross-platform city magazine that publishes a weekly print edition and daily website.

The school's objective is to develop within students an appreciation of the professional journalist's role — to provide society with a basis for understanding and mutual confidence upon which diverse people can find common principles and goals.

---

## School of Law

---

Paul J. Litton, JD, Dean and R. B. Price Professor of Law

Graduates of the School of Law, established in 1872, serve at the highest levels of local, state and national governments. Law school graduates and faculty members have written the majority of laws that regulate the lives of Missourians. Faculty scholarship has affected legal change at the national, state and local levels. The School of Law is housed in the award-winning, state-of-the-art facility, John K. Hulston Hall. Approximately 85 percent of the school's graduates practice law in Missouri.

The school's faculty develop and refine in each student the basic traits that characterize the good and able lawyer: analytic ability, substantive legal orientation, basic working skills, familiarity with legal institutional context, awareness of nonlegal environments and ethical concern.

The School of Law is a national leader in alternative dispute resolution techniques and boasts the nationally recognized and reputed Center for the Study of Dispute Resolution.

---

## School of Medicine

---

Richard Barohn, Executive Vice Chancellor for Health Affairs, Hugh E. & Sarah D. Stephenson Dean of the School of Medicine

Established as the first public medical school west of the Mississippi River, the School of Medicine has offered a four-year education program since 1956. The school has a tradition of educating students from rural Missouri, a focal point of the school's mission. The development of the Missouri Telemedicine Network and Mid-Missouri Area Health Education Center in recent years has strengthened MU's service to rural communities by giving students and rural health providers access to groundbreaking programs and technology. As the academic arm of the Health Sciences Center, the school's clinical faculty members provide primary and specialty care for patients from every county of Missouri.

With its innovative patient-based learning curriculum, the school is emerging as a national model for medical education. Students gain early and frequent exposure to clinical cases that enhance their problem-solving skills and help them earn higher than average scores on national licensing examinations. *U.S. News & World Report* consistently ranks the school's family and community medicine department as one of the top ten in the country.

---

## Sinclair School of Nursing

---

Lori L. Popejoy, PhD, RN, FAAN, Dean

The nursing program began in 1901 with the establishment of Parker Memorial Hospital Training School. Today, the Sinclair School of Nursing is committed to promoting, maintaining, and improving health and health-care delivery in Missouri and worldwide, through nursing education, research, service and economic development. Nursing faculty implement innovations in teaching and offer students hands-on experience in the art and science of nursing. Faculty research is shaping the discipline of nursing and delivery of health care.

The school offers a baccalaureate program that prepares students for the general practice of nursing (including accelerated and RN-BSN options); a master's degree program that prepares nurse leaders and nurse educators; a doctor of nursing practice program that prepares advanced practice nurses and nurses for executive leadership roles; and a PhD program that prepares nurse researchers and scholars for clinical, academic and policy roles. The RN-BSN program and all graduate programs are available online.

---

## College of Veterinary Medicine

---

Srinand Sreevatsan, PhD, Dean

Missouri's only College of Veterinary Medicine, established in 1946, has educated more than 4,000 veterinarians. They pursue careers in private practice, industry, government, education and the armed services. One hundred and twenty new students are enrolled annually in the vigorous four-year curriculum leading to the doctor of veterinary medicine degree.

After two years of fundamental classroom study, students rotate through hospitals, clinics and laboratories, and receive hands-on training in diagnosis, prevention, treatment and control of diseases in animals.

The college is the state's only complete animal-health facility. Its education, research, patient-care, diagnostic and public information programs support the state's livestock industry, its companion-animal owners and its veterinary medical practitioners.

# Academic Regalia

Academic institutions throughout the world have created a variety of customs, including distinctive dress, color and ceremony to indicate the accomplishments of scholars. English traditions originating at Oxford and Cambridge led to the development of American academic regalia. By the 20th century, institutions of higher learning in the United States had adopted a well-defined code of academic costume, which now includes identification of the different academic degrees by distinctive gowns, hoods and colors.

For instance, the baccalaureate gown, generally worn closed, is identified by long, pleated front panels and long, pointed sleeves. The master's and doctoral gowns may be worn open or closed. The master's gown has long sleeves closed at the bottom, and wearers place their arms through an opening in the front of the sleeves. Doctoral gowns are distinguished by velvet panels around the neck and down the front of the gown. On the sleeves are three horizontal velvet bars in black or the colors representing the doctorate.

In the United States, the hood is the most colorful feature of academic regalia. The bachelor's hood, not usually worn, is 3-feet long with a 2-inch-wide velvet edging in a color representing the degree received. The master's hood is 6 inches longer with a 3-inch-wide velvet edging. The doctoral hood, at 4 feet, reaches far down the wearer's back, and is bordered by a 5-inch-wide strip of velvet. The hoods are black on the outside. The lining, which is folded out, bears the official colors of the institution granting the degree. The doctor of philosophy hood from MU has a dark-blue border, for philosophy, with a black-and-gold lining. The border colors represent the degree earned, not the academic major. The doctor of philosophy candidate in engineering, for instance, would wear the dark blue of philosophy on the hood instead of the orange of engineering.

The color of the master's hood, if worn by an MU master's candidate, may represent either the degree earned, such as white for the master of arts or gold yellow for the master of science, or the candidate's academic discipline. Traditionally, candidates at MU choose the color of their hood based on the discipline. A master of science candidate in nursing, for example, would normally wear the apricot of nursing instead of the gold yellow for the master of science degree.

Because most MU faculty members did their graduate work at institutions other than MU, there is a variety of academic attire in today's procession. Some degree holders wear no hood because their academic robe symbolizes the degree awarded, as with the scarlet gown of Oxford University. The official robes worn by members of the University of Missouri System Board of Curators are gold.

The standard cap is the mortarboard, always black. It is the custom at MU for the color of the tassels to indicate undergraduate students' academic majors. Doctoral degree candidates wear gold tassels; master's candidates wear black.

## OLD MISSOURI

*Old Missouri, fair Missouri!*

*Dear Old Varsity,*

*Ours are hearts that fondly love thee.*

*Here's a health to thee!*

*Proud art thou in classic beauty*

*Of thy noble past.*

*With thy watchwords, honor, duty,*

*Thy high fame shall last.*

*Every student, man and maiden,*

*Swell the glad refrain,*

*'Till the breezes, music laden,*

*Waft it back again.*

*Proud art thou in classic beauty*

*Of thy noble past.*

*With thy watchwords, honor, duty,*

*Thy high fame shall last.*
